This beautiful and impressive resort with spacious ground floor apartments and first floor apartments is being built near Los Alcázares near the Mar Menor in the province of Murcia. The resort is located in a closed urbanization where the houses are built around a central park. A real eye-catcher is the huge lagoon, the largest artificial swimming pool in Europe, which is cleaned according to the latest sustainable filter technology, so that less chemicals, energy and water are used. The lagoon has 2 islands, a large beach, Beach club and hiking trails. The resort is also equipped with a very large variety of trees and plants that have been laid out in a natural way. At the resort itself there are various sports facilities such as kayaking, sailing, golf, tennis and a children's playground. At the popular Mar Menor, an inland sea which is separated from the Mediterranean by a headland, you can practice various water sports such as surfing, kayaking, sailing and swimming. The water is always warmer than the Mediterranean Sea and only 7 meters at the deepest point. A very pleasant area with beautiful beaches, various harbors and nice eateries. Hikers and bird watchers can enjoy the...
