These semi-detached / Hob homes are being built near Algorfa. This project is located on the highest point of the golf course, creating an impressive view of nature and the La Finca Golf Resort. Hikers, cyclists and mountain bikers can enjoy this beautiful green area. In addition to various sports facilities such as a gym, padel and tennis courts, the luxurious Golf Resort also has a 5-star hotel with a Spa and several good restaurants. Upon entering these homes, a spacious feeling is immediately created by the high ceiling, doors to the ceiling and the high windows. A lot of attention has definitely been paid to the quality and finish here. The Villas have a spacious living room including open kitchen of no less than 40.5 m² and 3 bedrooms and 2 bathrooms, 1 of which is en-suite. The houses are equipped with a cooking island, underfloor heating in the bathrooms and the entire apartment has an integrated air conditioning system. In addition, there is a closed separate laundry room. There is a swimming pool with outdoor shower and a beautifully landscaped garden at the front, side and rear of a total of 204 m², the front part of which is very large on the natural side. Of course, a...
